

ELECTRONIC AWAKENING

Electronic Awakening is an ethnographic documentary film that investigates the spirituality and mysticism of Electronic Dance Music culture. **Electronic Awakening** is designed as a theatrical adventure, filled with cutting-edge 3D motion graphics from renowned video artists, exclusive footage from global festivals, insightful interviews, and a deep underground electronic music soundtrack.

A.C. Johner

Director/ Producer

A.C. Johner is a cultural journalist and documentary filmmaker. He is the published author of several novels, including "A Concise History of Heaven and Earth," and "The Singularity." As a journalist he has published several articles relating to 2012, and is currently finishing a book ethnography on the Mysticism of Electronic Music Culture. He is dedicated to producing visual and written ethnography having to do with the shifting paradigm of human culture.

Julian Reyes (Keyframe-Entertainment)

Executive Producer/ Music Director

Julian Reyes' creative pursuits reflect a lifelong dialogue with an array of art, music, and technology. Julian is an artist manager, and event promoter; he has worked as the San Francisco representative for the Ultra Music Festival for several years and collaborated on numerous Burning Man projects. Keyframe's mission is to share the Bay Area's underground sound globally, and to create prosperity for the international electronic dance community.
